Hello Counselors

Attached is a list of Lincoln House Policies to help with the application process.

- The application, consent form, and program contract must be signed by the client in order to be accepted into Lincoln House
- If the client is being released from AHCC, BSWR, ABHS, PCE, or any other local facility the Lincoln House Program Director, Geven Sutherland, will be the point of contact and will pick up the client from said facility upon the clients release date.
- If the client is being released from a facility outside of the local Spokane area, said client will be expected to take the Greyhound Bus to Spokane, at which point the Program Director will pick up the client at the local Greyhound Station
- These policy's will not be changed without prior approval before the said release plan is approved by the field CCO, once the release plan is approved by the field CCO, if any changes are made the clients housing will be cancelled by the Program Director.
